

2017/18 Summary Annual Report

This summary of the Trust's annual report and accounts for 2017/18 has been designed to give you an overview of how we performed in relation to a number of key areas. It was a challenging year for the NHS, but good foundations were laid in setting the Trust on a path to a more successful future.

Ellen Schroder - Chair

The Trust in numbers

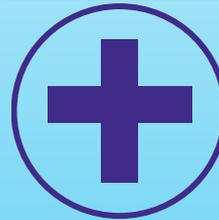

Turnover of some
£420 million

780 inpatient beds

Treated 158,346
people in A&E

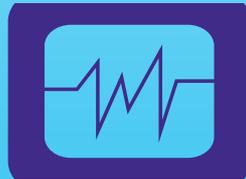

Helped deliver 5,461
babies

468,955 outpatient
appointments
