

Map: Emergency Department to Adult Urgent Treatment

Lister Hospital

Please use this map as a guide to direct you to the Lister Adult Urgent Treatment Centre (Light Blue Zone) from the Emergency Department (Red Zone). This map also serves as a guide for patients and visitors getting to the Radiology Department (Yellow Zone), as well as for those who can not use the stairs down to Level 2 (Yellow Zone) and need to use the lifts located in the Orange Zone

1 Take the double doors out of the Emergency Department into the long corridor and keep walking until you see the Radiology Department on your left hand side.

2 Upon exiting the Radiology Department, turn left, and keep walking until you see the stairs on your left hand side. Walk up the stairs to level 3.

Should you need to use the lifts, please follow the red dashed line on this map towards the lifts located in the Orange Zone. To reach these from the Radiology Department, continue past the stairs until you reach the end of the corridor. Turn left and continue down the wide corridor, passing the first right turn. You will see lifts on the right-hand side of the corridor. Take the lift up to Level 3.

3 Using the stairs: Once reaching the top of the stairs, turn left into the main central corridor and then turn right, continuing down the corridor past Costa Coffee (on your right-hand side) until you reach the parking ticket machines.

Using the lifts: When you exit the lift on Level 3, head through the double doors turning left to continue down the main corridor, past Costa Coffee until you get to the parking ticket machines

4 Take the exit on your left, you will find the multi-story car park on your right hand side. Continue walking until you have passed the multi-story car park.

5 Once you have reached the end of the multi-storey car park, please follow the curved path outlined on the map. This is a short walk to the entrance to the Adult Urgent Treatment Centre.

Should you need to travel from the Lister Adult UTC (Light Blue Zone) to Radiology, you can do so by following the same outlined route - using the lifts in the Orange Zone if you do not wish to use the stairs outlined in the Yellow Zone.
